

Invitation to

Boogie & Swing-Dance Camp **2018**

of the Nordrhein-Westfälischer Rock 'n' Roll-Verband (NWRRV)

2018! The year we become even more "international"! In order to convey to you many more new influences of the Boogie-Woogie- and Swing-Dance-World, we want to provide you with "learning material" for the first time across the German-speaking border. We were forced to adjust the coaching team at short notice, because the WRRC has scheduled a Boogie-Moogie World-Masters-Competition recently on our dance camp-weekend. So we have to renounce on current competition couple as coaches to our dance camp unfortunately.

We are looking forward to present you (this time in English-speaking units too) a colorful mix of Boogie-Woogie-lessons and special lessons in swing-dance. As always with a lot of passion, fun, joy and humor. Look forward to a fantastic weekend full of dance and music!

The dance camp is organized in proven cooperation from the NWRRV and the "Quibbles" Xanten (Tanzsportgemeinschaft Niederrhein e.V.).

The dance camp will take place on

28. & 29. April 2018

In the halls of the

**Schulzentrums Xanten
Heinrich-Lensing-Str. 3
46509 Xanten**

Dancing times are

**28.04.18 from 09:30 AM to 05:00 PM
29.04.18 from 09:30 AM to 04:45 PM**

(for exact times or schedule please refer to the file "Vorläufiger Stundenplan - Temporarily timetable - B&S 2018.pdf")

Check-In

29.04.18 from 08:15 AM to 09:00 AM

Our trainer for the dance camp:

Agnieszka Cherubinska & Grzegorz Cherubinski (Poland)

Although the siblings Agnieszka and Grzegorz danced a long time ago, in the year 2009 they decided to start their dance career together. At their first World Cup competition in 2009, they promptly reached the 5th place. As a participant of some TV shows and talent competitions, they also took advantage of several opportunities to spread and promote swing dance far away from the dance competitions. In 2016, at the height of their career, they decided to end their competitive career. In the meantime they have

danced the following achievements: European Champion 2016, Vice World Champion 2016, Winner of the World Master Series 2015, Polish Champion 2011-2016, World Championship Bronze 2011 and 2013, Bronze medal EM 2014, World Ranking Second 2016.

Meanwhile, they are spreading their own boogie-woogie style and the "new look of boogie-woogie" at many dance camps around the world. In addition to the combination of different dance techniques, this also includes the "extra polish touch", which ensures a unique dance feeling with a pinch of wit. So they are not only good dancers but also good trainers and masters of their trade!

Jessica Kaiser & Markus Kakuska (Austria)

Both have been dancing together for more than a decade now. They live and love the music of the 50s. Anyone who watched the programs "Die große Chance" and "Got to dance" on TV could already admire them as they danced to the final.

They belonged to the top couples in the world and are multiple national champions in Austria. Jessica and Markus are characterized by their liveliness, the talent to transform the music into motion and to give this to the audience.

Although they now have quit with dancing competitions, they are still busy in the coaching business. Stations included: Russia, Ukraine, Austria, England, Switzerland and of course Germany.

Andrea & Michael Günther (Moers)

Andrea and Michael already dance together for a felt eternity and for our "Boogie & Swing Dance Camp" they have been part of the trainer team for many years. The couples participating in their

lessons repeatedly enthusiastic about them as "emotional dancers", because they primarily communicate the enjoyment of life and the fun of Boogie and Boogie-music and how to transport into the dance.

The "Schrünthers" (as they are also called in the national Boogie-scene) were members of the German Boogie-Woogie national team for many years - first in the main class and later in the senior class. As a competition couple, they repeatedly achieved the title of Landmeister NRW and were also North German champions. With her previous dance partner Andrea reached the title as European Champion in Main Class.

At the moment they concentrate on proving out what things you can do with swing dancing. They always manage to thrill their viewers, especially in their shows and performances, because here they like to "romp around" in a particularly funny way, or enchant the audience with a very quiet and "smooth" performance, which can be quite far away from a classic Boogie-Woogie-show.

In addition, we are currently looking for a fourth trainer/instructor couple, which we have not yet been able to commit to our dance camp weekend due to the short-term placement of a World Masters competition by the WRRC.

Organization

Training Groups/Levels:

The levels are clearly described and you have to align for them!

Nevertheless, as always, you have the opportunity to register separately for individual training lessons! This only applies to the units listed in the timetable as "lesson" - not for the special lessons (which are free to choose).

On the registration platform (see link under "Registration"), please first make a general statement in which level you see yourself personally. This level is mandatory and should cause us to classify you in terms of performance. The levels are structured as follows:

Level 2a:

Couples with safe Boogie-basic-steps and safe Boogie-basic. In Boogie-dancing you are currently hobby-/party-dancers. The focus in this level is on the extension of figure repertoire of and wealth of variants (of these figures).

Level 2b:

Couples with safe Boogie-basic-steps and safe Boogie-basic. In Boogie-dancing you are currently hobby-/party-dancers. The focus in this level is on the extension of basic-step-, dance- and leading-technique, as well as the music interpretation or improvisation.

Level 3:

Couples that master several basic-step-variants (for example, 4-, 6-, 8-, 9-steps) and have a large repertoire of figures. In addition to regular party visits you might also intend to dance shows or even competitions. In this level you should be safe in dancing to songs with about 46 bars per minute.

Level 4:

Show and competition (aspirant) level - couples who have stage- and/or competition-experience or intend to go into competitions. You like to "screw" on your presentation, the charisma and your intensified course and also master songs beyond 50 bars per minute.

Note

We point out once again that there will be no beginner-level 1!

Participants of the dance camp have to master at least the basics of Boogie-Woogie!

Units in level 2a are more about learning "figures" - units in level 2b are more about learning "technique". As dance camp management, we recommend selecting the contents differently for level 2 at registration (level 2a and 2b "mixed"), in order to make the dance camp thematically diversified.

When registering on registration platform, you have to choose your first and second choice for your training units. If participation in a first-choice-lesson is no longer possible (maybe the group is already full), you will automatically be registered in your second-choice-lesson. If this group is full as well, we will contact you again.

This means: when you register quickly, you will have the best chance to get your choice-lessons. The Boogie-lessons will have a maximum strength of 20 couples.

IMPORTANT:

At registration it is still necessary that you pay attention to the level description when you choose your first and second choices! Please self-assess yourself and consider for yourself whether your second choice can be sometimes a level above or below. Depending on the content of the lessons, the transitions maybe can be "flowing".

Training Contents:

Please take the training contents from the file "Vorläufiger Stundenplan - Temporary Timetable - B&S 2018.pdf".

This timetable is (as the name implies) preliminary - the contents may possibly change again (even at short notice).

The level-crossing units, the "special lessons" (60 minutes long - highlighted in light blue in the timetable), are "choice units" for you – meaning: you may choose which unit you want to participate in (this does not have to be pre-registered!).

Dance Camp Cancellation / Reimbursement :

It sometimes happens that somebody has to cancel the dance camp at short notice. Please understand that the dance camp organization is associated with a certain cost and that we can only plan and organize the dance camp with a certain degree of financial security. This also means that we have to "catch up" (short-term) losses/cancellations financially.

By registering for the dance camp you accept the following conditions for a cancellation:

1. Basically, we can only accept cancellations made for health or business reasons. In such case, we need a medical certificate (in the original) or a official business certificate (with signature of the employer - in original) as a substantiated document.
2. If a reasonable (proportionate) repayment of the participation fee can be made (see nr. 3 to 5), then only the costs for the participation in the dance camp itself and the possibly paid entrance to the party can be reimbursed - not the amounts for the catering.
3. In case of a cancellation up to 6 weeks before the start of the dance camp, it is possible to reimburse the entire amount of the participation (dance camp fees + entrance fee) except for the retention of an administration fee in amount of 20, - Euro.
4. In case of cancellation up to 2 weeks before the start of the dance camp 50% of the participation fee (only dance camp costs + entrance party) can be refunded.
5. For organizational reasons: If you cancel within 2 weeks of the start of the dance camp, no reimbursement will be made.
